## **DETAILED ACTION**

### ***Response to Amendment***

Claims 1, 3-5, 9-11, 13, 14, 22 and 26 have been amended, claims 27 has been added and claim 2 has been canceled. Hence, claims 1 and 3-27 are pending in the application.

Applicant's amendments are persuasive to the extent that previous rejection has been withdrawn.

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

Upon further consideration the Examiner has withdrawn the 102/103 rejection, specifically because the reference fails to teach component B as set forth in claim 1.

The Examiner is also relying upon Applicant's arguments and declaration for the patentability of the instant claims, specifically Applicant's argument that the modified photocatalyst particles of the composition fail to teach or fairly suggest the excellent effects of the photocatalyst composition which are attributed to the composition set forth in claim 1 was found persuasive and therefore the rejection of the claims has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
